

# NUS JAPANESE STUDIES SOCIETY

The National University of Singapore (NUS) Japanese Studies Society (JSS) is a student-run organization established with the aim of bringing the community of Japanese enthusiasts in NUS together and providing opportunities for exposure to the Japanese culture and interaction with our Japanese counterparts.

NUS JSS proudly presents Japanese Cultural Festival (JCF), held in conjunction with Japanese Cultural Night. JCF aims to provide a platform for NUS students and the public to experience the different cultural aspects of Japanese life through a series of booth activities.
